

DATA SHEET

Polycom Packaged Solutions

Flexible designs for advanced visual communication

Packaged solutions from Polycom are standalone units that allow you to easily bring room-based video conferencing to a variety of locations beyond the dedicated conference room. And because it's Polycom you get the same high definition meeting experience whenever and wherever you need it.

Polycom® HDX® Executive Collection floor system

The Polycom® HDX® Executive Collection floor system is an advanced solution for large meeting spaces. The freestanding video conferencing unit includes:

- Polycom® HDX® codec for industry-leading performance and quality
- Premium 50" 1080p plasma screens to showcase high definition video
- Intelligently dynamic 360 degree microphone array for finely-tuned audio

When paired with Polycom® People+Content™ collaboration technology, the HDX Executive Collection floor system allows you to easily share content from your desktop or the Internet with other conference participants.

Polycom® HDX® Media Center

The Polycom HDX Media Center is a high performance video conferencing solution for virtually any meeting space. The HDX Media Center includes:

- Polycom codec
- Audio systems including speakers
- Energy efficient ceiling or tabletop microphone arrays
- Integrated camera mounting and configurations
- Single or dual 42" displays for tabletop or wall mount, or on a pedestal
- Single 50" display for wall mount or on a pedestal

Polycom HDX Media Center displays and audio systems are tuned for Polycom codecs to provide the ultimate total conferencing experience right out of the box. The optional Polycom caster kit allows the HDX Media Center pedestal to be moved from one location to another.

Polycom Media Cart

The Polycom Media Cart is a flexible cart-only solution to fit a wide range of uses. The Media Cart has a universal mount for a single 37" to 60" display or dual 37" to 42" displays. The secure cabinet has three interior shelves for equipment, or you can choose to rack mount the equipment with the optional rack mount kit. The Polycom Media Cart is designed for even the harshest environments to give you a perfect solution for your most demanding mobile cart requirements.

Benefits

- Complete turnkey solution for simplicity of ordering, shipping, installation and service—one part number for the entire integrated system
- Sophisticated, innovative, stylish design—solutions for the boardroom, meeting room and classroom
- For mobile applications, large casters are available on select systems to share resources between multiple rooms
- Audio and video tuned to Polycom specifications to offer the best experience for users
- Global deployments unified with similar look and feel throughout an organization
- Administration and training simplified with a standard set of all A/V technology in all locations
